

ADVISORY NOTICE

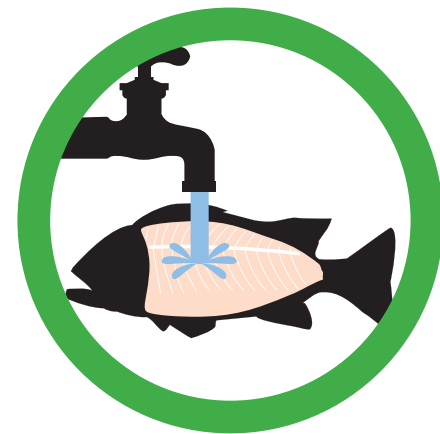

**Harmful cyanobacteria or algae may be present in this water.
For your safety:**

Body contact recreation such as swimming is not permitted in this lake at any time.
Do not touch algae or green scum on the shore.

Keep children and service animals away from algae in the water or on the shore.
Do not let service animals go into or drink the water, or eat scum on the shore.

For fish caught here, **throw away guts and clean filets** with tap water or bottled water before cooking.

For information on harmful cyanobacteria and algae, go to mywaterquality.ca.gov/monitoring_council/cyanohab_network
For local information contact The Metropolitan Water District of Southern California, 1-800 CALL MWD
